Duplex penthouses are two-story units that offer plenty of space and privacy. The added space and privacy of a duplex penthouse make it an attractive option for those who want a little more room to spread out. It also gives homeowners more room to host friends and family for social gatherings, with more space partitioning flexibility as compared to single floor plate penthouses.

For duplex penthouses with a blank roof concept, all the living space is concentrated on the first floor. This means that the common living spaces, kitchens, bathrooms, and bedrooms are located on the first floor. The second floor is the blank roof, which is an outdoor space that homeowners can use for social gatherings, barbecues, gardening, exercising, and many more activities. This is a flexible space for homeowners to design how they wish to interact with the great outdoors.
